DDI - 6750/82

19 August 1982

MEMORANDUM FOR: Acting Director of Central Intelligence

THROUGH: Executive Director
Acting Deputy Director for Intelligence *pk*FROM: [redacted] 25X1
Chief, Arms Control Intelligence Staff

SUBJECT: Verification of START

1. Attached for your signature (Tab A) is a memorandum to Dr. George A. Keyworth, II, the President's Science Advisor, responding to a letter (Tab B) you received on or about 11 August 1982 from Dr. Reis--one of the Assistant Directors of OSTP. (U)

2. The memorandum to Dr. Keyworth is in the format requested by [redacted] Paragraph 2 specifically addresses an issue, and does so in the way, she desired. (U) 25X1

3. I took the liberty to:

-- send a copy of Dr. Reis' letter to [redacted] 25X1
Director of the Intelligence Community Staff, as a "heads-up".

-- include [redacted] in your response. (U) 25X1

4. Your memorandum to Dr. Keyworth has been coordinated with [redacted] 25X1 as well as Dr. Rowen, Chairman/National Intelligence Council and two of his NIOs--Dr. Gershwin (NIO/SP) and Mr. Moskowitz (NIO/USSR-EE). From my standpoint, I think your memorandum back to Dr. Keyworth is ready for you to sign it. (U)

5. As an aside, I note that Dr. Reis' letter involves "verification". Your response addresses "monitoring". This is on purpose, given that the Intelligence Community does the monitoring function and that the Intelligence Community has no material (for all practical purposes) to give to OSTP on verification. (OUO)

6. If there is anything more I may do to assist you, please let me know. (U)
